

Script for the Demonstration Session 1, 2017

Please complete all but the last column in the table. The requirements column allows you to relate each action to a requirement (this will be the label of the requirement in your final report). Give the completed form to the assessor immediately before the commencement of the presentation. (If this form is not long enough, you may extend it by adding photocopies of the first page and renumbering by hand.)

Group name: Stingray
